SERIAL NO. 56 OFFICER CADET COURSE  
COURSE JOINING INSTRUCTIONS

Preliminary Note

1. The joining instruction is a set of regulations and procedures, which is to be complied by both the Officers Cadet (O/Cdts) National and International attending the Officer Cadet Course at the Nepalese Military Academy (NMA). In addition, it helps to serve as a guide to clarify various norms, procedures and routines to be adopted by the O/Cdts. At the same time it would also be in the interest of all concerned to examine these instructions prudently for clarity and convenience.
2. The training curriculum at the NMA is of twenty-four months (2 Years) which is divided into four consecutive terms, each with duration of 35, 25, 30 and 14 weeks respectively. The course is designed to commission competent and professional junior leaders capable of discharging their duties professionally with upmost standard.
3. The course is designed to be demanding yet enjoyable. O/Cdts attending the course are expected to develop their academic and physical standards. Guidelines will be provided at the first meeting at the NMA. O/Cdts are expected to be sound in history of Nepal and the Nepalese Army. The Story of Mankind is advised to read.

Nepalese Military Academy at a Glance

4. Location and Access. The NMA is located at Kharipati, Bhaktapur District, one of the districts of Kathmandu valley on the westerly foothills of Nagarkot. It is approximately 18 km east of Kathmandu, the capital city of Nepal and situated on the outskirts of the historical city of Bhaktapur, a city rich in cultural and religious heritage. The Academy lies at an altitude of 1350 meters (4430 feet) above sea level. It is a half-hour drive from the Tribhuwan International Airport (TIA) in Katmandu.

5. The entire training center occupies an area of forty-five acres of open land with clusters of buildings interspersed with ample greenery and peaceful environment. The general location of the Academy is sketched on a map as in Appendix 'A' and access to the Academy from TIA is shown in Appendix 'B'.

6. History of the Academy. The initial years witnessed the establishment of the Royal Nepalese Army School in the vicinity of Chhauni Barracks in Katmandu in 1952 AD (2008 BS). A Cadet Training Wing was incorporated within the organizational structure of the School, Nagarkot that would be responsible for the conduct of basic training to officer cadets. Over a span of more than decades, the Army School was reassigned to a number of locations: Suping of Makwanpur, Nagarkot and Kharipati of Bhaktapur to fulfill its responsibilities. Consequently, it was apparent that a separate institution with a distinct

**RESTRICTED**

**RESTRICTED**

identity was to be established as a center of excellence for training of officer cadets. In response to the contextual challenge, the Royal Nepalese Army School, from Kharipati got repositioned at Nagarkot to remain as an infantry school. This paved way for the founding of the Royal Nepalese Military Academy, Kharipati on 29<sup>th</sup> Dec 1986 AD (14 Poush 2043 BS). 3 June 2006 (19 Asar 2063 BS) saw the change of name of the academy to Military Academy, Kharipati then renamed as the Nepalese Military Academy in 15 June 2009 (31 Baisakh 2066 BS).

7. NMA began to train International Officer Cadets from friendly countries of Kenya, Maldives, Mongolia and Nigeria since 2012 in S.No. 52 Officer Cadet Course (OCC) and the Academy aspires to increase the number of IOCs from different parts of the world. Currently, NMA is providing the training for 5 International Officer Cadets in OCC- 54 and OCC- 55 from friendly foreign countries; Bangladesh, Maldives, Kenya and Nigeria.

8. The Academy Motto:

*"Knowledge, Service, Leadership"*

9. The Academy Honor Code:

*"In the service of the country and people, an officer cadet shall lead a life of honor and integrity. He/she shall not lie, cheat or steal nor tolerate those who do so".*

10. Mission. The mission of the NMA is to commission proficient platoon commanders, who are professionally capable of fulfilling their assigned responsibilities skilfully with vigour.

11. Vision. To establish NMA as a center of excellence. Entrust knowledge in military craft and junior leadership skills acquired by the officer cadets during the course.

12. Organization of the Academy. The Academy is headed by a Brigadier General who is the commandant of the NMA. The deputy is a Colonel who is also the Chief Instructor and is responsible for the coordination and conduct of the training. Namely there are three major components: the Military Training Department, Academic Department and Planning & Policy Branch, which constitute a direct impetus to course curriculum and the conduct of training. These are supported and serviced by essential administrative elements to promote the curriculum and objectives. With a view to instilling an organizational concept and its subsequent application at junior leadership, O/Cdts are organized into four companies: Nuwakot, Kerung, Makwanpur and Nalapani, whereby, they are further grouped into three platoons per company. The companies are named after the famous historic battles fought by Nepalese soldiers in the establishment of modern Nepal. A separate Jeetgadhi Company is established for the Technical Officer Basic Course (TOBC), the officers form the Service Support Branch of Nepalese Army. Majors and captains are

(k) International Officer Cadet (IOC). An IOC Desk with a liaison officer and a team is appointed for the IOCs, who will exclusively act as a coordinator between IOC and relevant authorities. They will be responsible to ensure that pertinent issues of concern are appropriately addressed and resolved in time. IOCs may seek any support through this desk. The entry requirements for IOCs are shown in Appendix 'L'.

(l) Sponsor DS and Officer Cadet. IOC will have at least one sponsor DS and another sponsor NOC who will assist them in resolving personal, administrative and training issues. In addition, IOC may also find them useful in acquainting them with Nepalese values, culture and traditions.

(m) Security of Instructional Materials. Passing of instructional materials to unauthorized persons or making of unauthorized copies of instructional materials are strictly prohibited. It is mandatory for

**RESTRICTED**

the O/Cdts to return all issued materials at the end of the course.

(n) Bulletin Board. All pertinent information that concern O/Cdts shall be displayed on the bulletin board. O/Cdts are expected to keep themselves abreast with the notices, news, programmes, etc. put on the boards.

(o) Souvenirs/Mementos/Gifts. Exchange of souvenirs and gifts is not a mandatory practice; however, should it wish; IOC may extend such a gesture at their own personal discretion, may it be on an individual or collective basis.

(p) Individual/Group Research Papers and Country Presentations. O/Cdts will be assigned the Individual Research Papers (IRPs) or the Group Research Papers (GRPs), which they will submit and present individually or in a group. In addition, the IOC will be asked to deliver short respective country presentations.

(q) Granting of Appointments. Based on the performance, O/Cdts will be awarded various appointments, mainly at section/platoon levels beginning from second term until the end of the fourth term. The primary aim of these appointments is to instil a sense of responsibility and develop qualities as junior leader as future platoon commanders. The O/Cdts will be monitored and evaluated during this period.

**RESTRICTED**

**RESTRICTED**

(r) Appointment of Mess Secretary. O/Cdts may nominate a mess secretary and an assistant mess secretary who will be responsible for the overall coordination and improvement of messing. They may also appoint the mess representative from all companies to assist the mess secretary.

(s) Precis/ Study Materials. Both the NOC and IOC will be issued a set of Precis/ Study materials during the course. The academy procedures will be followed for the possession. Individual O/Cdts will be responsible for the proper handling and security of the restricted documents/precis/hand-outs/booklets or any other reference materials issued during the course.

(t) Checking Out. The NOC and IOC will strictly follow the Academy check-out procedures before leaving the course at any time. They are obliged to produce the concerned branch's signed 'Clearance Document' before collecting the movement document from the Adjutant's Office. IOC may seek assistance from the IOC Desk to check their itineraries.

(u) Monthly Cadet Allowance. Each O/Cdt will get Rs.18,800/-, Residence Tax Rs 50/- and Welfare Tax Rs 100/- (For IOC Social Security Tax Rs.208/- Income Tax Rs.200/-).

**Conclusion**

56. Right from its inception, the NMA has been playing an important role to produce competent, disciplined and dedicated professional officers and a gentleman/woman.

**RESTRICTED**

**RESTRICTED**

The initial brought up makes a difference in developing professional quality of officers, the early days in the academy are crucial to mold the young O/Cdts in right track. The systematic training, knowledgeable and professionalism as well as experience expressed by committed instructors in the academy plays an important role.

56. The Academy wishes that all the attending National and International Officer Cadets will complete their course successfully and benefit from the standard course and experience gained at the NMA.

57. The Academy family will be happy to extend support and provide information on any kind of training or administrative matters.

MEDICAL STANDARDS FOR INTERNATIONAL  
CADETS

1. The Commissioning Course at the NMA in Kharipati, Bhaktapur is physically and mentally demanding that lasts for two years. International Officer Cadets should not arrive overweight, without sufficient physical preparation, and so unfit or suffering from the results of previous injury or illness. These conditions cause delays in training, commissioning, and thus extra expenditure.

2. National Officer Cadets are required to meet very strict medical criteria for cardiovascular health, chronic diseases, upper and lower limbs, hearing, eyesight and mental ability and stability. A medical board assesses suitability and removes doubtful applicants during the selection process. International officer cadets will be medically examined on arrival, but national medical examination should be conducted before departure for Nepal and should take note of the following points:

- (a) Lower limb injuries especially those affecting the knees are rarely acceptable. It is most unlikely that potential officer cadets with tears or repairs to the crucial ligaments will ever be fit. Cartilage tears are troublesome, and any condition resulting in locking or swelling of the knee will prevent

**RESTRICTED**

acceptance. Pain from behind the kneecap results in frequent and prolonged disability, which is not acceptable.

(b) Fractures will cause difficulties and usually one year should be allowed to pass before officer cadets are fit to attend if the fracture is in a major bone of the leg; recovery time being needed for other fractures. Recurrent dislocations of the shoulder should be repaired surgically prior to attendance.

(c) Medical conditions requiring regular medications usually result in the officer cadet being classed as unfit. Asthma is forbidden in all applicants. Any problems with the bowels, kidneys or chest will usually be unacceptable, although advice should be sought through prior to attending the course.

(d) Eyesight should be correctable to 6/6, 6/9 in the worse eye with glasses or contact lenses if necessary. Color blindness is no bar.

(e) Short- term infections such as malaria should be fully treated before arrival and medical documents are always useful in such cases.

(f) Hearing loss, often due to previous noise exposure is frequently unacceptable as academy training may cause further damage.

(g) Cardiovascular health, chest X-ray.

**RESTRICTED**

**RESTRICTED**

(h) Obesity. All candidates should be within a Body Mass Index (BMI) of less than 25. The formula for working out your BMI is:

- Your weight in Kg divided by double your height in meters.
- Example: weight 85 kgs., height 1.88 m  
 $x 2 = 3.76 \text{ m}$  (85 divided by 3.76 = 22)

(j) It is beneficial for cadets to cease smoking prior to their arrival at NMA.

3. In general all applicants should be sufficiently fit and robust to undergo arduous training immediately on arrival.
